## QUESTION OF THE MONTH

(from Gloria Taylor, Chapter Personnel Affairs)

How many death certificates will your next of kin need to order? Each life insurance company will need a copy before sending a "death benefit." It might be a good idea to review all life policies.

## ADOPT-A-SOLDIER

We received a THANK YOU note from SGT Matthew Daskalakis during his third tour of duty in Iraq. He said, "I received your package today and wanted to thank you. Thank you very much. I will give the Iraq children the toys. I know they will love them. The weather is getting hotter over here, but we'll get used to it. Thanks again for the package." In as many times as my classes at school have sent packages, this is only the second time I have received correspondence. The soldiers are so busy and sometimes in such remote places that notes from them are not expected. I'm sure you will agree that it is the home front that owes the gratitude.

On April 29<sup>th</sup>, a package went out to FPC Mark Stoneman. He is the nephew of MOAA member June Radcliff. I even had two notes to put in. Your kindness will travel across the globe to brighten his day. At the June meeting, please try to bring a note of encouragement for me to put in the packages. As always, your donations are appreciated. Thank you for what you do and continue to do for this project. Dorothy Williams
